

## **Car Rental Service**

(Corporate rates offered)

We are specialists in providing you a great deal on car hire whether you are just visiting Dubai or live here all the time. We have great prices on the widest range of cars from rental stations all over the UAE.

We have negotiated deals with all the major international car hire suppliers, plus many local specialists. These suppliers include – Avis rent a car, Europcar and Diamond Lease. This may mean that vehicles are not available for a specific supplier for each location, but you can be assured that you will be offered our most competitive rate available from a trusted supplier every time you book with us. Because we deal with more than one car rental company we have more locations, more cars, more availability and therefore more choices.
